## Summary

---

Hey, I am OINDIL GOLDER. I love technology and I like learning as well as working on new technologies. I am a passionate Web Developer and Coder. I Have worked on the latest web tools that I have mentioned below. I'm a fast learner and I can acquire new technologies and tools very fast. Also, I have worked with many programming languages.

## Skills

---

C • HTML • CSS • JavaScript • React JS • Express JS • MongoDB

## Projects

---

- **Weather.dev** (Dec 5<sup>th</sup> - present) – Weather.dev is a weather-based website that is based on **HTML, CSS & JS**. It will be minimalistic and visually stunning as well as responsive.  
GitHub: <https://github.com/OINDIL/weather.dev>  
Link: <https://weatheroindil.netlify.app/>
- **Text-Formatter & Password Generator** (Jan 2023 – Feb 2023) – A simple text manipulation app that also can generate secure passwords. It has some special features such as changing a word or sentence to uppercase and lowercase and generating secure passwords that can be copied directly from the website. Also, it can make alternating case text which looks cool.  
**Technologies:** ReactJS • CSS • Bootstrap 5
